

## THE BICYCLE MEET.

The Entries Close for All Races  
This Evening.

## SOUTH SIDERS WILL BE PLEASED

As it has been decided to send the Parade Down to the County Line at Forty-Eighth Street—More Entries for the State Championship Races. Some Fine Trick Riding—The Boys' Race.

The bicycle meet and races are coming along, and at a record breaking clip, and if the weather is favorable there will be great crowds on hand next Tuesday and Wednesday afternoon to see the world's champions pitted against each other. The handicap races will be especially interesting, as the best men will have to do their level best to win. In these contests there will surely be no loading. Two more entries to the championship and open events were handed in last night, those of Henry and Max Mahike, of the Mountain State club. Their friends claim they will show up at the front at the finish of several of the championship events. Hal Hackins entered the novice race.

One of the most interesting features of the races and the meet will be the trick riding by Andy Hanaur, of Cincinnati, who will be here on both days, and will fill in the time between the regular contests. His trick riding is compared with that of the wonderful Dan Canary, who has appeared before Wheeling audiences. This season he has some tricks entirely new and original.

The boys' race bids fair to be a great contest. There are already a number of entries for it.

It was the original intention of the management to have the parade go down on the South Side as far as Twenty-sixth street, only two squares further down than parades usually go. The average South Side feels sore over the way various organizations give them the go-by in fixing up their lines of march. The wheel boys at a meeting last night decided that they will change their line of march, and will parade to the lower city limits, Forty-eighth street. From Twenty-sixth on down Chapline to Thirty-third, on Thirty-third to Eoff, on Eoff to Thirty-ninth, on Thirty-ninth to Jacob, on Jacob to Forty-eighth, and counter-march back to Twenty-sixth. This surely ought to please the residents of the lower end of the city. It has been many a day since a parade went to Forty-eighth.

The transportation committee has made arrangements with the Central Traffic Association for one and one-third rates on all railroads entering Wheeling, from points in this state, Ohio and Pennsylvania. Those coming to the meet should be sure and secure the certificate, so that they will be no difficulty in securing return trip at the one-third fare.

The INTELLIGENCER relay race from Pittsburgh to this city, which takes place on the first day of the meet, is attracting much attention, and will be the principal feature of that day. Mr. J. Wade McGowan, of the Pittsburgh Cycle Company, is handling that end of it, and the start will be made about noon. There is much difference of opinion as to the time the race will be made in. Some say it will take six hours, while several wheelmen, one of whom is in the race, offer to wager that it will be done under five hours. If the latter figures were reached, it would be a record breaking performance.

## CHEERFUL REPORTS

In regard to the improvement of Business Throughout the Country.

NEW YORK, Sept. 15.—R. G. Dun & Co.'s weekly review of trade says: Returns from over part of the country shows a decided improvement. Hopeful feeling prevails, money grows abundant at speculative centres and somewhat easier for commercial purposes. Weekly failures have declined about half in number, and more than half in amount of liabilities.

The number of establishments reported as resuming work, 31 wholly and 26 in part, still exceeds the number closing, 33 for the past week besides 10 reducing force, so that the hands employed have somewhat increased. The number of unemployed is still very large. Business is pulling itself together and even the crop report has caused little depression in stocks.

Industrial improvement is largely in cotton, and otherwise appears scarcely more satisfactory than last week. About two-thirds of the Fall River mills are operating, but at a reduction of 10 to 15 per cent in wages. Of the establishments resuming, eleven were in this manufacture and five in knit goods. Of woolen mills ten stopped wholly and six in part, while three woolen and two carpet mills resumed.

Heavy purchases of wool began at the end of last week, in part apparently speculative, and at the three chief markets. The total of the week was the highest since May 1, though only 4,456,300 pounds, against 8,812,000 for the same week last year. Several shoe factories have started up in part.

The output of pig iron September 1, proves to have been 82,562 tons weekly, a decrease of 98,940 since May 1, indicating that only 45 per cent of the productive force was employed. Sales of gray iron at Birmingham for \$7, and of steel billets for \$19.50 at Pittsburgh support the statement that resumption of work in many cases is at the expense of great sacrifice in price. But in this industry business revives more vigorously at the west than at the east.

The failures reported this week have been only 314, against 321 for the previous week in the United States and 154 last year.

## Sentence Suspended.

Special Dispatch to the Intelligencer.

Knoxwood, W. Va., Sept. 15.—Sam Yeager was sentenced in court to confinement in the penitentiary for ten years for the robbery of George Rickard. Execution of the sentence was deferred until the next session of the supreme court, which meets in January, as his attorneys will ask for a new trial. Ten years was the lightest sentence the court could give him.

A new trial was granted Allen Strawser for the murder of John A. Fickey.

You can be permanently cured of the Opium or Whisky habit, without leaving your home or business. Dr. R. M. Woolley, Atlanta, Ga., a noted specialist in these diseases, will, if requested, send a valuable book to any one interested.

## FLOODS IN SPAIN.

Towns Swept Away and Hundreds of People Drowned.

MADRID, Sept. 15.—The province of Toledo has been swept by violent storms and much damage has been done to property. Large tracts of country are flooded and many lives have been lost. Forty corpses have been so far recovered, and in addition many people have been more or less seriously injured. Twenty-five miles of the southern railway track is submerged. The stations at Tembleque and Villaceros are isolated amid the swollen waters. Relief trains have been dispatched from Aranjuez and Alcazar.

As the day closed additional information regarding the horrors and disasters caused by the floods reached this city. At Villa Canas the death toll is said to be appalling. The peasants upon the rising of the waters sought refuge in large and small caves on the hill sides for the night. When all were sleeping the waters rose suddenly, swept into the caves and drowned the helpless beings who had there sought shelter from the floods.

The Rianzero is now a raging torrent, carrying death and destruction in many directions and the Manzanos is also flooded and doing much damage.

Some small villages and groups of houses have been entirely washed away, from the face of the earth. Houses crumbled like pasteboard before the rushing waters and those who in boats, or on rafts sought safety from the deluge were either drowned or crushed to death by the huge trees and pieces of timber which were carried like straw upon the strained water.

In one of the villages only eight out of sixty-four people are known to have escaped the floods.

## Lindsay's Maiden Effort.

WASHINGTON, D. C., Sept. 15.—While day in the senate was occupied by the advocates of the repeal of the Sherman law, the speech of Senator Lindsay, of Kentucky, was his maiden effort in the senate, and his defense of Secretary Carlisle, whose successor in the senate he is, was received most attentively. To-morrow Senator Allison, of Iowa, who was recognized this afternoon, will speak, and the fact that he was a delegate to the Brussels monetary conference will add interest to what he may say. Later in the day eulogies will be delivered upon the late Senator Stanford, of California.

## High Handed Action.

WASHINGTON, D. C., Sept. 15.—The State Department was notified to-day by Consul Wilbur at Lisbon that the Portuguese government had declared a quarantine against the United States on account of cholera. Secretary Gresham at once instructed Mr. Wilbur to make a vigorous and determined protest against such unjust action, as there has not been a case of cholera in this country since August 14.

To rise in the morning with a bad taste in the mouth and no appetite, indicates that the stomach needs strengthening. For this purpose, there is nothing better than an occasional dose of Ayer's Pills taken at bed time.
